DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Cameron House is a brick Victorian dwelling two-and-a-half stories in height. It is four bays long by two deep with a two-story brick and frame addition off the rear. The bricks are laid in American bond. Over the central two bays is a peaked dormer. The roof has slate shingles and is gable. There is a small peak in the roof behind the dormer. Also there is a box cornice with cove molding. In the south gable end is a small stove chimney. Only one original sash remains; it is six over six and located on the north gable wall. The southern most bay of the facade has a brick two-story cupola. There is a porch on the facade and the south side.
